

# Improve employee performance through peer coaching on critical skills

ENAGE • COACH • PERFORM

An AI enhanced critical skills peer coaching and development SAAS platform.

Improved productivity

Improved Engagement

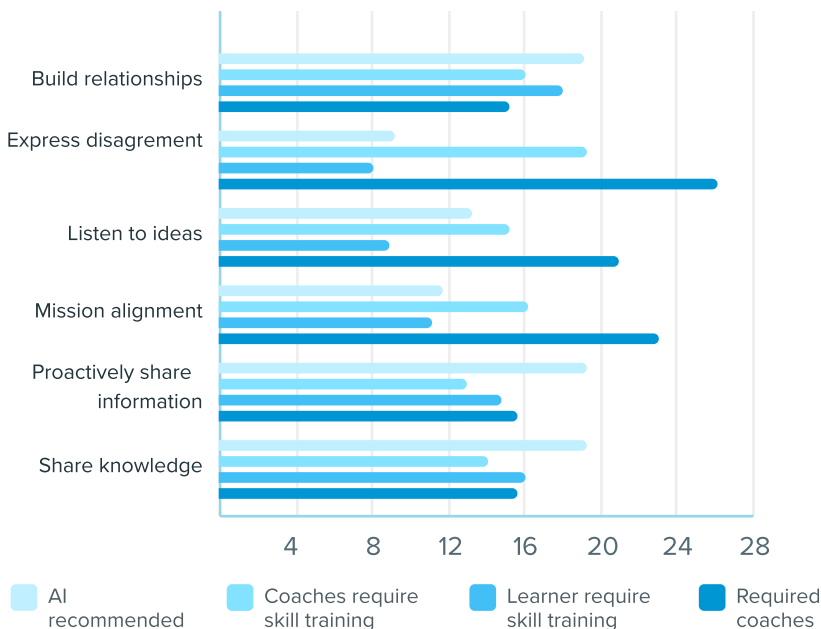

Faster Leadership

## How does it work?

- Identify and measure critical skills gaps for everyone on the team
- Drive coaching and development for everyone, peer to peer.
- Gain actionable insights and performance with our analytics.

## Quantify spending & ROI on soft skill development

“ Knowledge sharing, a foundational element of any employee engagement initiative, is fostered through the NumlyEngage™ platform, which connects employees with internal coaches who can help provide expertise through systematic interactions.

**Jim Lundy**  
Founder & CEO, Aragon Research
